## Power Procurement from New and Renewable Sources of Energy and its Compliance Regulations, 2010 including Amendment 2018

## HIGHLIGHTS

Control Period	From the date of publication in the official Gazette.

<b>Renewable Purchase</b>	Year	Minimum q	Minimum quantum of purchase (%) from renewable energy sources ( energy in kWh)			
Obligation (RPO)		Solar	Wind	Others	Total	
	2010-11	0.25	4.50	0.25	5.00	
	2011-12	0.50	5.00	0.50	6.00	
	2012-13	1.00	5.50	0.50	7.00	
	2013-14	1.00	5.50	0.50	7.00	
	2014-15	1.25	6.25	0.50	8.00	
	2015-16	1.50	7.00	0.50	9.00	
	2016-17	1.75	7.75	0.50	10.00	
	2017-18	1.75	7.75	0.50	10.00	
	2018-19	4.25	7.95	0.50	12.70	
	2019-20	5.50	8.05	0.75	14.30	
	2020-21	6.75	8.15	0.75	15.65	
	2021-22	8.00	8.25	0.75	17.00	
	<ul> <li>In case of inadequate supply of solar and other energy sources, wind and other source based consumption shall be considered for fulfilling RPO.</li> <li>Obligations are inclusive of purchases from RE sources already being made.</li> <li>Power purchase from renewable energy sources under existing power purchase agreement shall continue till their present validity.</li> </ul>					
Obligated Entities Ways to Meet RPO	Distribution licensees, conventional captive generating plants having capacity of 5 MW and above and conventional generation through open access and third party sale.					
Certificates	solar certificate	s respectively.			fulfilled by purchase of non-solar and mission within 15 days from purchase.	

## **OTHER PROVISIONS**

State Agency	Gujarat Energy Development Agency.
Effect of Default	<ul> <li>In case of failure to fulfill RPO, obligated entities may be directed by the Commission to create and maintain a separate fund and deposit in such fund an amount as determined by the Commission based on the shortfall in units and forbearance price.</li> <li>Fund so created shall be used to purchase certificates and for creation of transmission infrastructure for evacuation of power from renewable energy plants.</li> </ul>
Compulsory Procurement	• Distribution licensees shall compulsorily procure 100% power produced from waste-to-energy projects at tariff discovered through the competitive bidding process.
