

# Chhattisgarh Wind Policy - 2006

## HIGHLIGHTS

|   |   |
|---|---|
| <b>Nodal Agency</b>                       | Chhattisgarh Renewable Energy Development Agency (CREDA)                            |
| <b>Applicable Technologies</b>            | Wind power  |
| <b>Policy Period</b>                      | Not available   |
| <b>Targets under Policy</b>               | Not available   |
| <b>Incentive Amount</b>                   | As declared in the State 'industrial policy'  |
| <b>Eligibility Conditions</b>             | As per project tender specifications  |
| <b>Sale of electricity</b>                | State govt. shall have the first right to purchase the electrical energy generated. |
| <b>Grid Interfacing &amp; Maintenance</b> | By the developer at his expense and as per CSEB specifications.                     |
| <b>Evacuation Arrangement</b>             | CSEB /DISCOM  |

## OTHER PROVISIONS

CREDA shall carry out wind monitoring for identification of sites with potential. Private consulting firms are also encouraged to conduct wind monitoring.

|                               |  |
|-------------------------------|--|
| <b>Wind monitoring</b>        | CREDA or any renowned energy consulting firm, enlisted with MNRE, may be permitted to conduct wind monitoring. No two prospectors shall be allowed to conduct studies within 50 Km of each other. The allotted firm shall carry out the monitoring for at least 24 consecutive months and shall have its data verified by the institution recommended by MNRE.   |
| <b>Selection of site</b>      | <ul style="list-style-type: none"> <li>• The developer will be selected on the basis of an open tender for the installation of wind energy generators at the "eligible site" identified by CREDA. Such developer will be given the land use right for installation of generator within a 25 Km radius of the "eligible site".</li> <li>• If any private developer identifies an "eligible site", then first right for installation of the generator will be given to that developer for the land within a 10 Km radius of the "eligible site".</li> </ul>  |
| <b>Evacuation arrangement</b> | CSEB will undertake to transmit, on its grid, the power generated by the eligible developer and make it available to him for captive use or to the third party nominated by him (developer), at the charges determined by CSERC, irrespective of the distance from the generating station.   |
| <b>Land allotment</b>         | <ul style="list-style-type: none"> <li>• <b>Govt Land</b> - The land use permission for government land will be given to the developer for 30 years or the period of the project, whichever is less. Such land shall be allotted in accordance with the requirement conveyed by the Energy Department to the Revenue Department.</li> <li>• <b>Private Land</b> - Acquisition of land will be carried out as per the ideal rehabilitation policy under Land Acquisition Act of the State Government.</li> </ul> <p><b>OR</b></p> <ul style="list-style-type: none"> <li>• If the landowner opts to give the developer use of his land for the project then the developer shall pay an annual rent of Rs.5000/- per acre to the landowner. This rent will increase @15% every three years. This arrangement will be in force for 30 years.</li> </ul> |
